

*Hear ye, hear ye!*

*Recently, several farmers whose lands about the woods outside of town have seen an unfamiliar beast lurking therein. They have also reported increased rates of lost livestock and damaged crops.*

*In light of these events, the village aldermen have called a town hall meeting for this evening to discuss the situation.*

*All citizens aged thirteen or older are encouraged to attend and anyone who has seen the beast with their own eyes will be required to testify.*

*God save the King!*
